

# ERRORS AND OMISSIONS INSURANCE

*A service provider advises his client. Unfortunately, that advice causes the client to have a financial loss due to an error made by the professional. The client sues the professional - whose insurance agent says General Liability insurance does not cover it. Now he is responsible for the loss – but he didn't have to be.*

When you are a professional providing a service for a fee, you can be sued for any mistakes you might make.
